Full Council Meeting dated 10th October 2019 – Additional items

BACKGROUND/ISSUE

Footpaths & Parking

I have received a letter about the overall state of our pathways throughout the parish (passed onto clerk), I understand that this is an ongoing issue and has been addressed before.

Parking

I have a concern that we will soon have a accident outside of Colwich School with the amount of cars parking dropping off but also remaining sometime after the bell has rung, this also applies again throughout the parish

OPTIONS

Footpaths

To build up a list of existing letters received from the public and table a letter from the Parish Council outlining our concerns, again directed to the highest people within the highways, as I believe the Parish Council has the correct names to send our grave concerns to.

Parking

Yellow lines back, enforcement officers visual around the Parish

RECOMMENDATION

As a council to have a debate as to what we feel would be beneficial to the Parish going forward. This may have been discussed in the past but the problem is getting dangerously close to an accident, whether by car or persons falling on uneven paths.

Council resolution 118/16 refers. Agenda item setting procedure.

Letter for amendment
of item 42/19EL

To the Clerk.

We the undersigned, being members of Colwich Parish Council, call for item 42/19EL to be amended to allow for a monetary limit to be set, when the account is to be opened, a list of named individuals from "Colwich Parish in Bloom" to be signatories of the account, and type of plants to be purchased.

BACKGROUND/ISSUE

RESOLUTion

Currently there seems to be some confusion as to whether items on the Resolution tracker should be a standing Agenda item on the Full Council Agenda or the appropriate Committee Agenda.

OPTIONS

A short discussion needs to take place as an Agenda item to clarify the situation.

RECOMMENDATION

The Resolution Tracker only needs to be discussed at one meeting, not Full Council and Committee.

Council resolution 118/16 refers. Agenda item setting procedure.
